

May I start by thanking the officers and committee of The Havanese Club of GB for inviting me to judge our 8th Championship show which is a huge honour. I must also thank my super-efficient steward for the day, Lucy Mottram who did an amazing job organising the ring. A big thank you to all the exhibitors who supported me with a fabulous entry and sporting way they accepted my placings. I thoroughly enjoyed my day and the atmosphere was brilliant thank you all.

Just a quick note as I did notice dentition wasn't always correct, a regular scissor bite is called for in the standard so please watch bites. Also quite a few ears were missing folds - this is a breed specific feature and every exhibit should have folds. This does affect how the ears frame the face.

**MPD.** 1 Walker's Newtonwood Double Dare BPD, red/white six-month-old baby, lovely head and soft expression with dark almond eyes, blackest of pigment and good dentition moved well once settled.

2.Salmon's Dyffrynsands Who's That Guy at Lizzielane, white and gold baby, very happy, correct tailset, good pigment, would imagine these two will change places many times.

**PD** 1 Matthews' Chamwik Magical Mystery, chocolate 10-month-old, well balanced, lovely head correct pigment, moved well with typical Havanese bounce, very sound coming and going.
